Greetings OTTO, I am just so grateful to be included in the year book, along with so many great Artists. It is things like this that do so much to help me with curing this disease of mine... The pics you sent look fantastic and when the book is finished it will be something to cherish in My life... Cheers Paul

Hello Paul, Good to hear that you are fighting and keeping up your spirit and your work! My prayers are with you! I hope that in time, it all will be a bad memory for you! Positive thinking is half the battle! I can't attach pics on this internal message, so I send it via separate e-mail - I took a couple of screen shots. Your latest work is by itself right now on a page, but there will be either one or 2 pieces above it - you have 1/2 page, another one of yours is on a 1/4 page. I switch over to my e-mail and send the screen shots momentarily. Cheers Otto

Hi OTTO, Thank you Again for adding my new Work, 18 months of painful work, only because my cancer has been giving me a hard time over the last 2 years.. I have not put together any new work as yet As I am tired a lot these days But I have been given a book on how to cure cancer with simple Home remedies and supplements some of which I will have to import from the USA but their is a 99% chance I can cure myself if I follow all the suggestions given in this book, by a man named Bill Henderson all for a \$100 a month instead of thousands for chemo and radiation, no red meat or dairy products... I miss doing what I do best but I wont give into this disease and I will Draw again soon... Thank you so much and Cheers Paul..

It was so nice to see you load another work! How are you these days? I was just editing the yearbook, so I right away added your newest work. The book should be out by the end of the month: 160 pages, 8"x10" published by blurb. If you haven't seen yet, here are some sample pages and the cover: *(a link to a blog entry was in this space, but it only works for signed in members)*
